Sir/Madam,

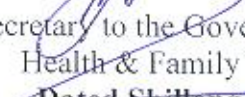

With reference to the above, I am directed to apprise you that due to the closure of schools and colleges across the country to prevent the spread of COVID-19 in the country, it is anticipated that many students who are studying outside the State will be returning home to the State in large numbers and out of these,there may be students whose families may not be having enough space in their homes for self isolation.

In this connection, it is requested that such students/families be identified, and the District Administration requisition hostels/school buildings so as to house these students in isolation rooms. Arrangements are also to be made for their fooding and lodging.

Furthermore, these requisitioned school/buildings should be fully equipped with internet services and other facilities for quarantine.

Please treat this as 'Urgent'

Yours faithfully,
